BOARD OF PUBLIC SAFETY

JACOB C. KOLSEM, President
JOSEPH B. FUQUA, Secretary
JAMES C. LE FORGE

TAYLOR J. BLEDSOE, Clerk

Report of Superintendent of Police

TERRE HAUTE, IND., January 1, 1908.

To the Honorable James Lyons, Mayor of the City of Terre Haute, and The Board of Public Safety.

GENTLEMEN: I beg leave to submit herewith, in tabulated form, a summary of the work performed by this Department for the year ending Tuesday, the 31st of December, 1907. In presenting this report for your consideration and approval, I invite your attention to the character and kind as well as the great volume of work done.

Considering the size of the city, and the rapid growth of its population, I feel safe in asserting that no city in the country is more free from crime. The building of the interurban lines, connecting with towns upon all sides and the coal mines and oil fields surrounding us, has confronted us with the care of an estimated population of at least one hundred thousand people.

The railroads and interurban lines have been doing considerable construction work in the immediate vicinity, and among the laborers brought in there have been many undesirable people. Being centrally located between the cities of Cincinnati, Louisville, Chicago and St. Louis, it is from these cities the labor is mostly drawn. The bad element among these laborers are the ones picked up about the saloons and barrel houses of the above cities. Most of the petty stealing can be attributed to this class of persons, as a perusal of the report of convictions will show that in a great majority of cases the offenders were strangers.

It shall be my aim in the future, as in the past, to give the citizens of the city as clean and perfect a police administration as may be within my power.

POLICE TELEGRAPH AND TELEPHONE.

In the last annual report I urged upon you the need of the Police Telegraph and Telephone System for the Department. At that time the many and varied benefits to be derived from its use were fully gone into and explained. I wish to again call your attention to this matter, and do most earnestly recommend the installation of the system. It will certainly be of great benefit, and will be the means of bringing the department to the highest standard of usefulness and efficiency. I have given this matter much thought and attention and believe that no money spent by the city would bring better results. I respectfully ask that you give this matter your early attention.

BERTILLON SYSTEM.

The Bertillon System for the measurement of criminals was installed in the department in August, 1897, and up to this date we have something over five hundred and fifty measurements taken ourselves. From 1904 to 1906 this branch of the department was neglected and no measurements taken. To fill in this gap and have a complete file of all persons convicted, I made application to the State Prison and the Reformatory, asking for the measurements of all persons sent from this county. Prompt response was received from both institutions and copies of the missing measurements and photos furnished us. In addition to these photos we collected about twelve hundred foreign cards with measurements and photos. Having secured the distribution, or filing case, all these photos were distributed in their proper places in this case and indexed. Since the filing case has been installed we have secured several identifications, which is but another proof of the great value and assistance of the system.

AMBULANCE SERVICE.

In the last annual report I recommended the building of a new stable for the better accommodation of the ambulance and the appointment of two extra men for ambulance service. This recommendation was favorably acted upon by you, and the

stable is now about ready for occupancy, thus insuring prompt and speedy service in response to every call.

HEADQUARTERS.

Since the rearrangement of Headquarters we have been given much needed room. In the new arrangement is located the office of the Superintendent, the Detectives and the Bertillon room. Everything is handy and nicely situated, for which I desire to return my sincere thanks.

CRIME AND CRIMINALS.

For the year ending December 31, 1906, there was sent to the Indiana State Prison and the Indiana Reformatory, nineteen persons, eleven of these having been sentenced after I assumed charge of the Department, September, 3, 1906. For the year ending December 31, 1907, there was sixty-two persons sentenced to the State Prison and Reformatory. This does not mean that crime has increased to this extent. Close attention has been given to this work and after the commission of a crime, by diligent work, we have succeeded in getting the guilty parties. In every case of a person arrested for crime I have directed the Chief of Detectives to collect all the evidence and reduce the same to writing, giving all the facts concerning the criminal and crime, his previous criminal record if any, and all information to be obtained, and this to be transmitted to the Prosecuting Attorney for use at the trial. I believe this to be a good rule for the reason that in a number of cases delays for various causes, might lead to the release of a criminal for the reason that the names of the witnesses and the evidence would be forgotten or overlooked. I have found this to be of the greatest aid in the trials, as all the facts are at hand, taken when the crime is fresh.

Among the persons convicted during the past year are a number of well known thieves. Notably among them is Harry Guiess, the boarding house sneak. Guiess arrived in this city on Monday, May 6, 1907, on his way to Jamestown Exposition from St. Louis. He began operations shortly after his arrival

and entered several boarding places, securing some property. We succeeded in arresting him on the morning of the 7th of May, and he was sentenced before noon of the same day. It was learned that he had only been out of the Cherry Hill Prison at Philadelphia about three months, where he had served a term for the same offense.

During the year we have been annoyed considerably by a number of petty hold ups and burglaries. The only larceny of any moment was the sneak at the jewelry store of Mr Alfred Froeb, on November 1st during the noon hour. The thieves, three in number, got a tray containing twenty four valuable diamond rings. Within the last ten days we have received information which we feel sure will lead to the arrest of the thieves.

At this time I desire to return our sincere thanks to Hon. James E. Piety, Judge of the Criminal Court, and to Mr James A. Cooper, the Prosecuting Attorney, for their hearty co-operation in matters criminal. Mr. Cooper has been zealous and untiring in his work with the Department and has rendered us, as well as the county, most valuable assistance.

DISCIPLINE.

The discipline of the force during the past year has been good and but few men were brought before you for violation of the rules. This speaks well for the good behavior and efficiency of the men. During the year a number of calls were made upon them for extra duty and for which they received no extra pay. To all these calls they responded cheerfully and promptly which is a further proof of their fidelity. To each and every member of the Department due credit should be given for the energetic, faithful and efficient manner in which they have discharged the trust reposed in them. It is with pleasure, therefore, that I extend to each and every member of the Department my sincere and hearty thanks.

THANKS DUE.

To His Honor, Mayor James Lyons, the members of the Common Council and the City Officers, I return my warmest thanks for the many acts of kindness shown.

To the Sheriff. Mr William Horsley, and his corps of deputies, we are indebted for assistance rendered us.

To Honorable Sidney B. Davis of the Board of Childrens' Guardians, to Mr George Davis, their attorney and Mr. Wm. Bailey, their Probation Officer, we feel under many obligations for the valuable assistance rendered us in the disposition of juvenile offenders.

To Mrs. Annie E. Palmateer. the Matron of the Friendly Inn, we also desire to thank for assistance rendered and kindness shown.

To the citizens in general we desire to return our thanks for the kindly interest which they have shown for the welfare of the Department.

In conclusion. gentlemen of the Board. permit me to return to you my most heartfelt and sincere thanks for the very kind and considerate treatment which you have accorded me in the discharge of my duties. The watchful care manifested by each of you has been the means of bringing discipline and efficiency to a high standard. Relying upon your assistance and advice for the future. as in the past. it will be my aim to so conduct the affairs of the Department as to merit the good will and approbation of all our citizens.

Respectfully submitted,

HARVEY V. JONES,

Superintendent of Police.
